1. BACKGROUND

Sections 16 and 24 of the MFMA requires every municipality to table an annual budget at a Council meeting at least 90 days before the start of the budget year and approve that annual budget at least 30 days before the start of the budget year. While sections 122 and 126 of the MFMA requires every municipality to prepare Annual Financial Statements (AFS) and submit them for audit by 31 August each year. Bergrivier Municipality established internal departments, Budget and Costing Department and AFS, Assets and Returns Department, to respectively carry out this responsibility. Due to the specialized nature of the work, key officials within these departments are upwardly mobile wherein they are appointed into senior positions in other departments within the municipality and other municipalities approach them for appointment. This exposes the municipality to a risk that vacancies might arise during the budget preparation process and/or year-end period which might impact on the municipality's ability to meet the aforementioned MFMA obligations.

In order to mitigate this risk, the municipality decided to issue a **three** year rates tender for accounting services to utilize in instances where positions in these departments became vacant and cannot be filled in time to enable the municipality to prepare the Budget or AFS in line with the MFMA timelines. These services will only be utilized when necessary. However, based on current vacancy levels, the services will be required for deliverable 3 for the 2025-2028 audit file.

2. SCOPE OF WORKS

The appointed service provider will be responsible for performing the functions that were assigned to the official within the Budget and Costing Department and AFS, Assets and Returns Departments. The functions are summaries below:

Deliverable 1: Assistance with budget preparation)

This deliverable consists of various activities that is performed in the Budget office by different personnel throughout the year from 1 July until 30 June. In the event of a vacancy at a critical stage or

All Service Providers (SP's) and potential bidders

Dear Sir/Madam

Incomplete documentation in terms of bidding processes.

With reference to the judgment of the Supreme Court of Appeal case number 937/2012 Dr JS Moroka Municipality vs. Bertram (PTY) Limited 2013 JDR 2728 SCA the following:

“In our view the judgment supports the proposition that a Municipality determines the requirements for a valid tender and a failure to comply with the prescribed conditions of tender will result in such tender being disqualified as it would not be an 'acceptable tender' as defined in the Preferential Procurement Policy Framework Act 5 of 2000 unless the prescribed conditions are immaterial, unreasonable or unconstitutional.

Therefore, provided that the relevant tender document makes provision for **an original tax clearance certificate and/or any other certificates/documents** as a prescribed minimum prerequisite and/or peremptory requirement in order for such tender to be considered an 'acceptable tender' and to pass the threshold requirement for consideration and evaluation, and a tenderer fails to provide same, the Municipality would be within its rights to disqualify such tender/tenderer.”

Therefore, BERGRIVIER Municipality will with immediate effect exclude all offers from bidders if the required documentation is not handed in/or attached with the original bidding documents.
