All proof of Risk and liability Insurance Certificates must be produced by the successful tenderer. Work must be completed within 10 *working* days after receiving an official order, save for any written extension granted by the project manager/municipal representative, pursuant to a fully motivated application by the service provider, and penalties for late completion of any works, or a portion of work, will be R1 000 per day. Similarly, a penalty for late or no armed response will be levied at an amount of R1 000 per event.

Warranty for Design and Materials

The contractor warrants and undertakes in favour of the municipality that:

Insofar as the works or any part of the works has been or will be designed by him/her, or by his/her duly appointed service provider, he/she will exercise reasonable, due and proper skill and care in such design. Insofar as any part of the materials and goods for the works has been or will be selected by him/her, he/she will exercise due and proper skill and care in such selection of materials and goods. He/she is suitably qualified and competent to carry out such design work and selection of materials and goods, and/or he/she will only make use of duly competent and qualified service providers if and when necessary, at his/her own costs. On practical completion, the contractor must hand over instruction manuals, certificates, product guarantees, manufacturer's instructions etc, in respect of all the installations, in conjunction with (or apart) from any documentation that might be requested to demonstrate conformance to SANS guidelines and manufacturer's requirements.

Guarantees

The contractor shall provide written guarantees of 12 months in respect of all units, addressed to the municipality. The guarantees shall state that workmanship, materials and installation are guaranteed for a specified period, reckoned from the date of practical completion of all works.

Service providers must also provide pricing for armed response across the municipal area. In addition, we will need the following;

- on-site recording of cameras
- off-site recording of cameras (at an office identified in each town)

BERGRIVIER MUNICIPALITY

ADDITIONAL SPECIFICATIONS

Technical Requirements		Please indicate with an "x" whether the offer complies with the requirements		
		Yes	No	Comments
1	Alarm systems must align with the standards set by the South African Intruder Detection Services Association (SAIDSA).			
2	The alarm must have a remote-function to arm and to activate the panic-function, with an app on the phone			
3	A brochure of the type of equipment (if any) to be installed and alarm monitoring system that will be used must be provided at request			
4	The bidder must be registered with the following body and proof of registration must be submitted with the bid:			
A	Private Security Industry Regulatory Authority (PSIRA)			
5	All personnel for physical monitoring and backup services must be registered with PSIRA and proof of registration must be submitted with the bid			
6	All lethal armed response officers must at least have a Grade C security grading and be PSIRA accredited			
7	All armed response officers must be fluent in at least two of the three official languages in the Western Cape			
8	Indicate the expected reaction time (from time of dispatch to arrival on site) but such reaction time must not exceed 15 minutes in case of Piketberg, Velddrif and Porterville. In case of Eendekuil, Redelinghuys and Aurora, the actual response time must not exceed 45 minutes, and the service provider must telephonically contact the relevant law enforcement officer(s) within 5 minutes of receiving an alarm/notification, at a number provided by the municipality			
9	The service provider remains responsible for the maintenance of the radio transmitter and any other equipment			
10	Armed response officers must be dressed in full company uniform when on duty. The armed officer must be in possession of a truncheon, torch, firearm and a two-way communication device/cellular phone. All personnel must wear identification cards that are clearly visible			
11	All personnel must have police clearance and may not have a criminal record			
12	A six monthly report regarding police clearance of all armed response guards must be submitted with the monthly report			

BERGRIVIER MUNICIPALITY

13	Bidders must submit a monthly report			
14	Bidder must have a control room which is manned 24/7, 365 days a year from which monitoring takes place			
15	A bidder must have a control room or office in the West Coast District municipal area			
16	An app must be installed on designated phones for purposes of viewing the cameras installed at facilities			
17	Companies must be registered in terms of the Firearms Control Act of 2000, and a copies of such certification must be submitted for purposes of deploying armed response officers			

PRICING SCHEDULE

(Please ignore the pricing schedule in the tender document and use the pricing schedule below)

The tenderer must provide an all-inclusive (including VAT) fee as indicated hereunder. Kindly note that the municipality reserves the right to reduce/vary the scope of works, in order to remain within the available budget. Also note that a bidder must provide pricing for all the items listed below, failing which a bid can be considered as non-responsive.
