2. METHOD OF MEASUREMENT AND PAYMENT

The Tenderer must submit rates for all items in the Bill. The Service Provider will be required to handle whatever quantity of waste is received from day to day and his monthly payments will be calculated from the fixed monthly cost.

3. PRICES AND RATES

The rates and prices to be inserted in the Bill of Quantities are to be the full inclusive prices to be paid by the Employer for the service described under the several items. Such rates and prices shall cover all costs and expenses that may be required in and for the rendering of the service, and shall cover the cost of all general risks, liabilities and obligations set forth or implied in the documents on which the Tender is based.

The Tenderer is at liberty to insert a rate of his own choosing for each item in the Bill of Quantities and his attention is drawn to the fact that the Service Provider has the right, under various circumstances, to payment for additional services carried out, and that the Engineer is obliged to base his assessment of the rates or prices to be paid for such additional services on the rates inserted in the Bill of Quantities by the Service Provider.

A price, rate or the word "NIL" is to be entered against each item in the Bill of Quantities against which a unit of measurement is stated, whether a quantity is stated or not. An item against which no price or rate is entered or for which a word other than "NIL" is entered, will be considered to be covered by the other prices or rates in the Bill of Quantities but the rate will nevertheless be taken as nil and no claim will be considered if the quantity of such item should increase or decrease.

4. VALUE ADDED TAX, SURCHARGES AND LEVIES

All rates and prices tendered shall be exclusive of Value Added Tax (VAT) and provided for as a lump sum in the Summary of the Bill of Quantities.

All rates and prices tendered shall be inclusive of any statutory surcharges and levies payable by the Service Provider on all items to which these apply at the time of the closing of the tender.

5. ARITHMETICAL ERRORS IN PRICED BILL

In the event of discrepancies between the unit rates and the extended totals the unit rates will be taken as correct. The Employer reserves the right to correct the total Tender Sum in the event of there being any errors of extension or addition in the priced Bill of Quantities. In such an event the Tenderer will be consulted but, failing agreement between the parties, the decision of the Employer shall be final and binding. Adjustment of the Tender Sum will take place only after acceptance of the Tender, but prior to the signing of the contract Agreement.

6. REJECTION OF TENDER

A tender may be rejected if the rates or prices for some of the items in the Bill of Quantities are in the opinion of the Employer obviously unreasonable or out of proportion or not in consistence with other rates or prices in the Bill and the Tenderer fails, within a period of seven days after having been notified in writing by the Employer or the Engineer to adjust and/or amend the rates or prices of such items, to make the adjustment(s) and/or amendment(s) required.
